Cape May from Wilbraham Mansion - zones, times, and what each place is for

**Use this when you do not know where the hell anything is. Cape May is easy once you think in zones.**

Area	Approx. distance	Best way	Use it for
Wilbraham Mansion	Home	Reset	Quiet Victorian base. Suite 103. This is where the volume turns down.
Washington Street Mall	0.4 mi / 8-10 min	Walk	Hub: shops, benches, casual food, people watching, drift loops.
Congress Hall / Beach Ave west	0.5-0.7 mi / 10-15 min	Walk	Classic Cape May, cocktails, fireworks center near Congress Street Beach.
Harry's / Montreal	~1.0 mi / 20 min walk / 5 min ride	Ride or walk	July 4 dinner foothold. Oceanfront rooftop angle, drinks, possible sundeck play.
Marina / Lobster House	~0.8 mi / 5-7 min ride	Uber/drive	Boats, harbor breeze, seafood for Dee/Amber, closest Key West marina feeling.
Rusty Nail / Beach Shack	~0.6 mi / 12-15 min	Walk/ride	Beach-bar music, sand/firepit vibe, easy nightcap.
Boiler Room / Congress Hall	~0.5 mi / 10 min	Walk	Late music, darker energy. Tap in, do not get swallowed.

## Cooney translation

Mall = wander. Beach Ave = drinks, dinner, fireworks. Marina = magic. Rusty Nail = music. Wilbraham = peace.

If you are debating where to go, ask what zone you are craving: action, ocean, harbor, music, or reset.

**Captain note: The best days will have fewer moves and better seats.**

Reference: Cape May fireworks are centered around Congress Street Beach/offshore near Congress Hall; views are from beach, promenade, and Beach Ave-facing properties.
